

## T4 Subjects

### Teacher Professional Development

### January & February 2021

## Blended Learning in Construction Studies

This event is a follow-up to the webinar on “Developing Students’ Subject Content Knowledge across T4”. The workshop will explore the delivery of a unit of learning to include:

- how to utilise the different elements of a Blended Learning model to successfully achieve learning outcomes and develop key skills
- how to create rich tasks which engage students and promote self-directed learning
- how to use a Virtual Learning Environment to engage students in the teaching, learning and assessment of Construction Studies.

The event aims to support teachers who have a beginner to intermediate level of digital experience.

During the workshop an opportunity will be provided for participants to engage and participate in conversations with peers.

The webinar will be hosted via Zoom. All wishing to attend must register in advance at [www.pdst.ie/onlinebookings](http://www.pdst.ie/onlinebookings). Further instructions on how to attend the event will be emailed to those who register. Bookings will close the day before the event or when the event is fully booked. Only those who register will have their CPD record updated after attending the event.

| Date                         | Time              | Event  |
|------------------------------|-------------------|--|
| Tuesday 2nd February 2021    | 7:30 pm — 8:30 pm | Blended Learning in Construction Studies Webinar |
| Wednesday 10th February 2021 | 7:30 pm — 8:30 pm | Blended Learning in Construction Studies Webinar |
