

# DCG Teacher Professional Development March 2022

## An Integrated Approach to Problem Solving in DCG using Key Geometric Principles

At this face-to-face workshop we will explore:

- How students' understanding of DCG may be enhanced by the use of the 'Key Geometric Principles Approach'.
- The use of SolidWorks as a visualisation tool in reaching solutions to problems.

This is a one day (5 hour) workshop examining an Integrated Approach to teaching and learning in the Design & Communication Graphics classroom. Through the lens of Key Geometric Principles, students will deepen their understanding of the subject. The workshop will also explore teaching strategies, classroom management and various teaching and learning resources.

Feel free to bring your own Device.

Please bring a USB Key.
