

DCG - Autumn 2021

Identifying Geometry to Support Design in SolidWorks

This event will focus on identifying geometry of an object to inform an economical approach when creating the artefact in SolidWorks.

We will explore how the analysis and investigation of geometry supports students' ability to select and use appropriate features when modelling objects in parametric CAD.

We will consider how to communicate and explain design features, consider economy of design, design intent and how to graphically represent design ideas through the medium of freehand sketching.

Participants are encouraged to bring their own device and sketch kits where possible.

Date	Time	Venue
Wednesday, 3rd November 2021	7:00pm - 9:30pm	Drumcondra Education Centre
Thursday, 4th November 2021	7:00pm - 9:30pm	Navan Education Centre
Saturday, 6th November 2021	10:00am - 12:30pm	Sligo Education Centre
Wednesday, 10th November 2021	7:00pm - 9:30pm	Wexford Education Centre
Thursday, 11th November 2021	7:00pm - 9:30pm	Galway Education Centre
Saturday, 13th November 2021	10:00am - 12:30pm	Dublin West Education Centre
Wednesday, 17th November 2021	7:00pm - 9:30pm	Athlone Education Centre
Thursday, 18th November 2021	7:00pm - 9:30pm	Cork Education Centre
Saturday, 20th November 2021	10:00am - 12:30pm	Laois Education Centre

Book your place online by visiting www.pdst.ie/onlinebooking

Places will be allocated on a first come first served basis so book early to avoid disappointment
