DCG & Technical Graphics Queries.

Questions:

Who do I contact regarding DCG or Technical Graphics queries?

Answer:

From August 2016 all queries relating to the technology (t4) subjects should be sent via e-mail to t4@pdst.ie.

Questions:

Where can I get guidance on what should be included in a completed DCG Student Assignment?

Answer:

It is important to carefully read the 'Instruction to candidates' and the marking scheme that is issued by the State Examinations Commission along with the Higher and Ordinary Level briefs. T4 has also developed a 'Guide to the Student Assignment'. The purpose of this document is to offer guidance to both teachers and students on possible approaches to successfully completing the DCG Student Assignment. The document is available free to download or a printed copy is available to purchase from the PDST bookshop. Further details are available at: http://www.t4.ie/Recent_Topics6.html

Questions:

When is the Student Assignment issued to schools?

Answer:

The DCG student assignment is normally issued to schools in the 1st or 2nd week of September and the deadline for completing the assignment is usually late January.
